

CelebrateRecovery®

# MULTIPLY YOUR CHURCH'S CAPACITY TO CARE

Unlock a discipleship solution that  
transforms healing into a shared mission

## WHY IT WORKS

- **Biblically Grounded:** Operates on 8 Recovery Principles based directly on the Beatitudes.
- **Holistic Healing:** Addresses diverse struggles far beyond just substance abuse.
- **Empowers Leaders:** Develops strong volunteer leaders directly from within the recovery community itself.
- **Fully Supported:** We provide step-by-step implementation guides, a proven curriculum, and ongoing coaching so you don't have to reinvent the wheel.

## THE CHALLENGE

Pastoral care demands are heavy. Sunday sermons alone cannot reach all the hidden hurts, habits, and hang-ups in your congregation — including addiction, anxiety, grief, codependency, trauma, and many more.

## THE SOLUTION

Celebrate Recovery (CR) multiplies your church's capacity to care without adding to pastoral burnout. We provide the curriculum and structure to equip laypeople to minister to one another, creating a sustainable, safe environment for lasting freedom.

## THE IMPACT

*When our church said yes to Celebrate Recovery, we didn't just start a program, we opened the door for healing, growth, and community transformation."*

— Ken Taylor, Former Senior Pastor,  
Creekside Church
